

# KAUFMAN'S

bakery ~ delicatessen ~ catering

We would like to notify our customers that Kaufman's Bagel & Delicatessen is temporarily closed as we learned that one of our staff tested positive for Covid-19. The employee last worked in the store on March 25 and, like all of our staff, wore protective gloves that were constantly changed throughout the shift. The employee is currently recovering at home.

To keep everyone safe and protected as this pandemic grows, we are taking additional precautionary measures to clean and sanitize the store. We are working closely with local health officials to take all necessary measures and once this is complete, inspected and the staff is healthy, we will reopen with curbside service only. We look forward to providing our community with the highest level of customer service and products that Kaufman's is known for.

We have alerted all Kaufman's employees and encouraged those who may have been in contact with the affected team members to follow CDC-recommended self-monitoring guidelines and to call their healthcare providers right away if they develop any symptoms. Those team members who were in direct contact with the employees will be paid for a 14-day self-quarantine. We have encouraged all our employees to stay home.

We encourage customers who have health-related concerns to review CDC and local health department guidelines and to contact their healthcare providers with any questions.

As an essential community business providing important resources to our neighborhoods, we take our obligations seriously to ensure that we continue to provide food needed during this time. Kaufman's focus remains on doing whatever is necessary to safeguard the health and safety of our employees and customers, and to best support and serve our community.

All of Kaufman's wishes our customers a safe, peaceful and healthy Passover and Easter
